### **DETAILED ACTION**

1. As per the instant Application having Application number 10/655,948, a **decision by the Board of Patent Appeals and Interferences (BPAI) was issued on 12/9/2009** where the Examiner's rejection of claims 16-24 was reversed.
2. Accordingly, claims 16-24 are pending in the instant Application.

### **REASONS FOR ALLOWANCE**

3. Per the instant office action, claims **16-24** are considered as allowable subject matter.

The reasons for allowance of claim **16** are that the prior art of record neither anticipates, nor renders obvious the recited combination as a whole; including the limitations of a virtual tape stacker wherein "... the controller manages the data on the random access data storage device as a plurality of virtual tape volumes... the controller defines a sequential order for loading the virtual tape volumes into the virtual tape drive, and wherein, in response to an eject command from the server, the controller unloads one of the virtual tape volumes from the virtual tape drive and loads a next consecutive one of the virtual tape volumes into the virtual tape drive according to the sequential order."

The reasons for allowance of claim **19** are that the prior art of record neither anticipates, nor renders obvious the recited combination as a whole; including the limitations of a virtual tape stacker method comprising "...defining a virtual tape in a volume management table located on the random access storage device... predetermining an access order for the pointers so as to define a sequential order for loading the virtual tape volumes into the virtual tape drive in response to eject commands from a server."

The reasons for allowance of claim 22 are that the prior art of record neither anticipates, nor renders obvious the recited combination as a whole; including the limitations of a virtual tape stacker wherein "...defining a virtual tape drive in a volume management table located on the random access storage device... the virtual tape manager indicates a sequential order for loading a next consecutive one of the virtual tape volumes into the virtual tape drive upon ejection the loaded one of the virtual tape volumes."

4. Dependent claims 17-18, 20-21 and 23-24 are allowable at least for the reasons recited above including all the limitations of the allowable independent base claim upon which they depend.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
